WILLIAM'S UNCLE ANDREW

Included on the wedding guest list was William's uncle Andrew who is the brother of William's father Charles and the son of Queen Elizabeth. Andrew, who 4th in line to the British throne, has been exposed in the news as a paedophile. His buddy, Jeffery Epstein, is a convicted paedophile who served up underage girls to Prince Andrew like lolly pops.

Epstein also gave Andrew \$30,000 to help pay off his ex-wife Fergie's massive debts that she was blackmailing him for. Andrew was finally forced to step down as Britain's trade ambassador because of #1 – his criminal behavior with underage girls. Two – a six million dollar tax evasion charge. Three – conflicts of interest from friendships with a convicted paedophile and with libyan leader khadaffi's son whose country was being bombed by the British military.

Despite their criminal activities, William's sleazy uncle Andrew and Kate's sleazy uncle Gary have never been arrested or prosecuted for their crimes. They are above the law.

WILLIAM'S BROTHER HARRY

Okay, so 2 rotten apples in the newlyweds family doesn't make them all rotten. William's brother Harry isn't such a bad bloke, is he? It can't be easy being the carrot top younger brother and second fiddle to the perfectly perfect William who is destined to be King.

It can't be easy wondering why you look so much like James Hewitt, the man your mother publicly admitted that she cheated with while Charles was cheating with Camilla. It can't be easy hearing your real father admit that the royal family threatened to kill him.

It can't be easy hearing news reports that your mother slept around with lots of men – Barry Mannakee, David Waterhouse, James Gilbey, James Hewitt, Oliver Hoare, William Carling, Doctor Hasnar Khan, rock star Bryan Adams and muslim playboy Dodi Al Fayed. Worst of all was the rumor that your mother got knocked up by Dodi Al Fayed and that your family murdered her because she was an embarrassment to the crown.

Harry has a lot to be angry about. It's understandable that he acted out his anger and got caught by the paparazzi drinking, drugging, brawling, groping breasts and making racist comments about dark skinned people.

What's not so understandable is why Harry wore a nazi uniform and a Swastika armband to an upscale dress party in 2006. The news was a reminder of the royal family's links to Hitler's Nazi party which they've tried so hard to cover up.

WILLIAM'S GRANDFATHER PHILIP

Prince Philip is William and Harry's grandfather and the Queen's husband. He married the Queen in 1947 and changed his german name from Philip battenberg to Philip Mountbatten to cover-up his German identity.

Both of Philip's sisters married high ranking German officers in the Nazi Party. His sister Sophie married nazi SS colonel

Christoph Von Hesse – chief of Hermann Goring's Secret Intelligence Service.

Prince Philip's German uncle – Lord Louis Mountbatten was a central figure in secret communications between the British royal family and their pro-Hitler cousins in Germany.

The authors of 'War of the Windsors', state that Lord Louis Mountbatten had the nickname "Dickie" ...and for good reason. Philip's uncle Dickie was the last viceroy in India where he was a known paedophile who sexually exploited young working class indian peasant boys.

Another book, the Kincora Scandal connects Lord Dickie Mountbatten to a child prostitution vice ring in Belfast, Ireland. Authorities failed to intervene at the Kincora care home for boys until 1981, despite reports over the years of child sexual abuse.

The operators of the Kincora child prostitution ring were eventually convicted in 1981 of the RITUAL sexual abuse of defenceless young boys who were sold like prostitutes. No charges were ever brought against the VIP customers of royals, politicians, lawyers, and judges. Belfast citizens finally had reason to celebrate when Prince Philip's paedophile uncle was killed by a an IRA bomb planted in his boat.

What kind of childhood did the Queen's German Husband, Prince Philip have? The answer can be found in a biographical book called Elizabeth: Behind Palace Doors. Philip's mother was Princess Alice Battenberg – granddaughter of queen Victoria. She was diagnosed as a paranoid schizophrenic and committed to a mental institution in Switzerland. Philip's German father ran off with a wealthy mistress which left the boy parentless.

Philip's uncle – George Mountbatten – became his surrogate father and legal guardian. Unfortunately, Uncle George had the same perverse reputation as Uncle Dickie. George Mountbatten kept a scandalous collection of child pornography that he

bound into volumes and emblazoned with the family crest.

Most disturbing were pictures of family orgies and bestiality in which children and animals were sexual participants. The question is – was George's adopted son Philip a participant?

George Mountbatten's porn collection now resides at the British Museum where it is kept in a hidden repository of artefacts deemed pornographic and unfit for public viewing. It is a well known fact that child victims of sexual predators commonly identify with their abusers and grow up to become sexual predators themselves.
