

# True Lies

The Independent

If you have read my stuff on the Boston Bombing, in particular the legless Jeff Bauman, you will know exactly how I feel about the lying cunt.

If you haven't, click [HERE](#) for one of many articles I have done about him.

I notice that I must not be alone in my thinking that the prat is a total fraud because his story has now changed dramatically.

However, far from changing my opinion of him, I am now more convinced than ever that he is a money grabbing lying bastard.

Interestingly, by his own admittance, he has had over \$3.8 million dollars donated to him since the Boston bomb.

**I will have a lot more to say on this new version of events in the near future.**

**However, for now read about how the reality is far different to the fiction.**
